Environmental Health as part of
Texas-Utah Consortium for
Worker Health and Safety Training*

This symposium is offered in cooperation with the
National Institute for Environmental Health Sciences
(Grant No. 45ES019260) in Federal Regions VI and VIII.

Hazardous Materials Disaster Preparedness Symposium

The Rocky Mountain Center for Occupational and Environmental Health is sponsoring a Hazardous Materials Disaster Preparedness Symposium focused on bringing industry, public emergency response officials and interested parties together to share ideas and plans for dealing with events that lead to the release of hazardous materials.

EVENT SYNOPSIS

Industrial organizations along the Wasatch Front utilize many different chemical components to manufacture or otherwise provide valuable services and products to the world. Materials that are hazardous in nature are critically important to this effort but because of their natural or human altered properties, organizations, both public and private, must be prepared to safely deal with an unplanned release into the environment.

The University of Utah, Rocky Mountain Center for Occupational and Environmental Health recognizes this need and has established a forum for bringing these organizations together to discuss, plan and share critical information regarding:

- ⇒ What is in place
- ⇒ What still needs to be completed
- ⇒ How organizations can support one another during a HazMat disaster
- ⇒ Lessons learned from past events
- ⇒ Best practices in the area of emergency preparedness
- ⇒ And more!

WHO SHOULD ATTEND

- ⇒ Emergency Response Managers and Planners
- ⇒ Industry Safety Managers and Directors
- ⇒ Public Safety Personnel
- ⇒ Fire and Disaster Response personnel
- ⇒ LEPC Leaders and Members
- ⇒ Hazmat response team members
- ⇒ State and Local Emergency Response Coordinators and Planners
- ⇒ Federal emergency response personnel
- ⇒ Environmental Health and Safety consultants
- ⇒ Hazmat Transportation organization representatives

Continental breakfast and lunch are included in the registration fee and will be provided.

Space is limited so register early to reserve your attendance!
